SO Viewer Crack X64

SO Viewer is a smart remote control software for the RDP protocol (also known as Microsoft Remote Desktop Protocol). It enables you to access a remote computer (Windows, Linux or Mac) and control it as if you were sitting in front of it. The software can be used as a remote desktop viewer and also as a remote desktop client, as well as a VNC viewer and VNC client. This means that you can use the program as a remote desktop viewer to remotely access the desktop of a remote computer and also act as a remote desktop client, which would mean that you can access your remote computer and control it using your own mouse and keyboard. Key features: - Access to a remote computer without login - Access remote computers without login - Control remote computers without login - Display screen of remote computers - Full-screen mode - Mouse and keyboard control of the remote computer - Support of file transfer and local devices - Works on Windows, Linux and macOS - No need for a previous VPN or RDP connection to remote computers - 100% remote control of remote computers - 100% remote access of remote computers - Complete compatibility with Apple and Android OS devices Requirements: - Connections are made via local network or Internet. - The target computer must be connected to the network and be reachable via Internet. - The target computer must have the Remote Desktop Protocol service (RDP) activated - The computer where SO Viewer is installed must have the Remote Desktop Protocol service (RDP) activated - PDF Extractor is a powerful freeware to extract, edit and convert multiple PDF files into common formats at once. With the PDF Extractor you can extract and convert single or multiple PDF files into Word, Excel, Image, Text, HTML, Text (RTF) and PDF formats. The conversion process is very fast as it does not require to install additional software and requires no skill. The application is able to work on Windows XP, Vista and 7 as well as on Windows 8, 8.1 and 10. iTubeInfo Pro is the easiest way to see what's on your YouTube account, and keep an eye on your most popular videos, so you can easily comment, like, or share them. With this program, you can: - Browse through your most popular videos. - Rate, comment on, and like them. - Get an overview of your subscriptions. - See the latest comments on your videos.
