FIFA 22: The Journey Continues New environments, official teams, improved gameplay, all-new modes and bigger celebrations. FIFA 22 introduces a new Journey mode, where you'll journey to exotic locations and compete with real people and clubs for club ownership. New gameplay systems deliver an improved tackle system, updated player control, and a new ball physics system. Set pieces are integral to tactical play and controlled by a new

AI, and improved animations give players a greater range of motion and the ability to make more agile and dynamic decisions. Meanwhile, the pitch-surface has been carefully recalibrated for more realistic transitions, no passing over the penalty area, and more responsive handling. New features in FIFA 22 will give you the chance to experience a much more diverse and authentic football pitch with beautiful 3D stadiums for every league in the game. Play in front of crowds and coaches with crowd control! The name of the game is to score goals by executing passes, shots and set-pieces. Once you get your sights on goal, your opponents will do all they can to stop you. Meet the FIFA Team Scott O'Driscoll - Creative Director I have been fortunate enough to work on some great titles in my career, and I feel that there is a greater sense of ownership in this product than any of the other titles we've worked on. This is a big step for FIFA, and an important moment in the career of the FIFA brand. The success of FIFA has always been the people at the heart of it, and I am thrilled that the team we have assembled at EA SPORTS brings the same spirit to the game. We are lucky enough to be working with a group of people that genuinely care about delivering the best FIFA that the world has ever seen. There is a great responsibility to be taken in making a football game; to be able to tell the stories of football and its people
