In the meantime, consider the corresponding review or ? 1 By ForMeer 09/30/2017 This game will bring back nostalgia for those of us who grew up with the Final Fantasy franchise. It's a great game in that it's good for all kinds of players, from casuals to hardcore. Graphics and artwork is pretty good, but the voice acting could've been a lot better. The music is fantastic, and it's no wonder I won't be able to turn it off. Storyline is very story driven, but it has a lot of interesting and good characters. The idea of being able to choose for which side you join the battle is a good twist, the story is a little cliché but that doesn't take away a lot. Game play is quite fun, and reminds me of Pokemon. You start with a basic attack, and then you get a special attack when you level up. Bosses are also very fun, and get harder with every boss you fight. But there's also a good amount of easy bosses, so it's not too difficult. While the battle system might get difficult, the characters are very easy to use, and will feel at home right off the bat. There are a lot of good spells, and characters. The controls are fairly easy to learn, and the battle mechanics. Playing the game with friends is a lot of fun, and the online is easy to play. And for a free game, the price is right for you to get this game. The game is still in the middle of its first chapter, but I'm looking forward to a second chapter (or maybe a few) as I get the hang of this game. Definitely worth the price of admission. Great character, story, gameplay. 94/100 2 By ForMeer 09/22/2017 I really enjoyed this game. It's pretty fun. But there's definitely a bit too much grinding for my liking, although it's only a grind for EXP or money. 3 By Build xRipped 09/15/2017 I really enjoyed this game. It's pretty fun. Follow the instructions. 8. You're done! Installation video for ELDEN RING: CrackEldenRING.net - The world of ELDEN RING is a world that lies between life and death. It is a world that eerily reflects the power of human beings. The in-game world is divided into two areas. The first is known as the Lands Between, where the dead lie in a state that is neither life nor death. Life and death are the two concepts that humans cannot comprehend. The Lands Between is spread over a vast world, and although it is like a place of peace, there are those who cause death and destruction. The dead and humans coexist and can walk freely in the Lands Between. The dead have no limitations on how they can develop their power. They are free, but humans are powerless. On the other side of the world lies the land that was once a paradise. The spiritual energy known as the "Eden Ring" used to be the main source of energy for the prosperity of the world. Unfortunately, it was stolen away, and the land called the "Lands Between", although they were created by the "Eden Ring", began to gather power. The long history of misfortune and death has been repeating, and the land that was once idyllic is now witnessing a revival of calamity. Packing in with a great set of surprises, the new fantasy action RPG. Rise, Tarnished, and be guided by grace to brandish the power of the Elden Ring and become an Elden Lord in the Lands**
