For great tone you'll need a Cello strainer to fit. We carry a wide range of fingerboard configurations so that all of your different instruments will fit. You can order your strainer separately, or you can order this neck and strainer together, and they'll fit perfectly. Details Cello-shaped neck with a flat fingerboard (same width as alto). For great tone you'll need a Cello strainer to fit. We carry a wide range of fingerboard

configurations so that all of your different instruments will fit. You can order your strainer separately, or you can order this neck and strainer together, and they'll fit perfectly. This neck is made of our high-grade, high-tensile carbon-fiber materials that are available in a wide variety of colors and features. It has the same length as an alto or tenor but the small cello strainer can fit under a small cello bridge. The neck is cast without any glue, or any glue residue, and the cello strainer has grooves cut into the back of it to help the strainer slip onto 648931e174
