The First Video of Oasis' Live Set in Boston & New York The Oasis documentary is set to hit theaters in August. The Oasis documentary is picking up speed. The first trailer and a live stream featuring "Get Ready for the Weekend," which was recorded in May, have been released. In the four-minute clip, Noel Gallagher can be seen performing the song while Liam and Gem spend the majority of their time talking about beer and their love for flying. The band's bassist, Andy Bell, also participated in the recording process, while Noel's son Jack is also seen on stage. Filmed entirely on location at O2 Academy in Boston and Boston Music Hall in New York, the documentary is being directed by Flywheel's Johnny Benveniste. "Their thoughts on music, art, life and love are as clear as the air we live in," said Benveniste in a statement. "It was a true privilege to capture these special moments in time. I hope you'll love the film as much as I do." Watch the trailer below. Earlier this month, It's release date was pushed back from its original August 22 release to Aug. 29, in order to give the band a "complete edit." Famitsu has the first clear look at the characters of Code Vein, Bloodborne and Hollow Knight 2, which reveal huge changes to the designs and while we do see some familiar faces, most of them are in new outfits. The original information is below, and you can view them here. Code Vein: Our name is Code Vein. We were born in a place which was once the center of the world, but the world destroyed. We are an advanced race of super-humans known as "Code Vein," which was created for the purpose of excavating the underground resources of a fallen world. One of our jobs is to explore this place underground. However, when we detected the presence of ancient magic inside the ruins, we became suspicious and started worrying about "vampires." After this, we started to fight against them. However, we were unable to escape the clutches of evil. The "Code Vein" survivors who have survived this world, along with their strongest newborns, were saved at the last minute by our founder, the "Releaser of Light" Hazama. So, we will fight with all of our might in order
