Sketchup Plugins 1001bit Tools-mediafire.zip

I have a SketchUp application running 2019 where I want to enable Fly To feature through a Plugin rather than expanding the feature in the Options but cannot find anything about how to do this. To enable this SketchUp must have the Plugins installed. Where do I find the Plugins and how do I install them on my SketchUp application. ThaNKS. Learning how to install Sketchup plugins and extensions can immensely increase your productivity, but it isn't so intuitive. It's important that you learn the difference between tools, plugins, and extensions so moving forward you're not confused about what's what. After that's clear, I'll take you through step by step on how to install extensions the automatic and manual way. Finally, I'll teach you how to install plugins and give some resources on where you can find plugins and extensions on your own. I am running my version Pro 2019 on a MacBook Pro computer. When I went to download 1001bit Tools extension I got the following message: This extension has not been marked as being compatible with your version of Sketchup. You may experience usability issues if you try to install this extension. Has anyone used 1001 with Pro 2019? If so, can you put the warning in context for me please. I am designing a house with SU and am wondering if something will rear its ugly head a thousand hours into the design stage. Any help appreciated. Nick Different SketchUp Plugins are available to enhance the functionalities of SketchUp. But when you can get many helps from just one tool then that must be a Godsend gift for the architect. 1001 bit tool is just like a tool we mentioned. Sec8ef588b
